Cormie Ranch

Sparky proves good investment

By Neil Speers

Award-winning fullblood Maine-Anjou bull Sparky certainly was a good investment for the Cormie Ranch near Tomahawk.

"I picked him out when he was three days old," said Bill MacLeod, manager of the Maine-Anjou division of the ranch, adding he only paid $6000 for the then-young calf. Now three years old and retired from the show circuit, Sparky is worth about $1 million.

MacLeod explained the ranch is trying to syndicate Sparky to a group in Texas. If this is done, Sparky will remain on the ranch but will contribute semen which will be shipped to the U.S. Sparky will stay in Canada because health restrictions make it easier to ship his semen than him for stud purposes.

In fact, his semen "may never be available in Canada," commented MacLeod.

The telephone was constantly ringing during the past breeding season with inquiries as to the availablity from Sparky, according to MacLeod.

Sparky is a "closed bull" said MacLeod, explaining the bull is only used for stud purposes on the ranch or with associates.

The 3000-pound bull has earned its keep, never getting lower than second place in shows around North America, and never beaten in the U.S. stated MacLeod.

"He is probably the only bull of any breed to win three years as National Point Champion," commented MacLeod.

Having "probably travelled 40,000 miles" on the show circuit, Sparky has been in every major show from Edmonton to Baton Rouge, Louisiana, said MacLeod.

"That is how they win in the U.S., by being shown in front of so many judges."

"For a bull of his size," said MacLeod, "he's just a baby to handle. He loved the show road."

Lucky seven iron

McGinn gets two holes-in-one

For most golfers it will never happen, for others, once in a lifetime but never twice.

But for Lyle McGinn it did.

McGinn recorded two holes-in-one at the Drayton Valley golf course recently.

The "about twice-a-week golfer" hit back to back holes-in-one on the par-three eighth hole.

McGinn went for some extra holes with Al Thomas after the RCMP golf tournament on a Wednesday night and got the first hole-in-one.

He used a seven iron on the 142 yard par-three eight hole to record the feat.

Then the next time he went golfing on the following Friday he recorded another hole-in-one on the same hole.

Again using a seven iron McGinn and his wife Delores were playing with Jack and Judy Forrest.

McGinn, who has been golfing for about 22 years, says he has never been even close to a hole-in-one before.

But his luck almost continued when he went out the next Saturday on the course and put the ball within five feet of the hole.

"The first one landed short of the green and must have rolled over," McGinn said.

McGinn says he knew the second one was a good shot but he couldn't tell that it went in on the green which is elevating from the tee.

McGinn will be registering his two holes-in-one with Golf Digest, Rothman's and Canada Dry, all sponsor hole-in-one competitions.

Water warning with hot weather

If the hot weather continues and people are not careful, Drayton Valley could run into water problems says a town official.

"If this weather continues we could be in trouble," commented Manny Deol, town manager.

Although the new reservoir was completed last year, the water plant has not been finished in its expansion. The reservoir is currently at about half its one-million-gallon capacity and is "holding its own," explained Deol.

Although not too concerned at this time, Deol suggested residents "use water at your discretion and use conservation where possible."

Pool staff take maintenace course

By Lorne Christensen

Keeping the new swimming pool in Drayton Valley operating can be a tough job.

That is one of the reasons why seven members of the pool staff recently took a course on how to maintain the mechanical equipment at the facility.

The seven, including pool manager Charlene Jenkins, took a two-day orientation course on the equipment.

"I was here when they installed it so I had an advantage, I could watch and ask questions," Jenkins pointed out.

She said the 16-hour course included instruction on the pumps, filters and chemical feeding.

The course will "minimize possible staff mistakes" according to Jenkins who called the course "very thorough."

The course means the staff members will be able to "trouble shoot" and do some of the basic maintenance on the pool.

The course was part of the orginal contract of Sunshine Pools, the company that installed the system about four months ago.

The reason why the staff took the course now is simple Jenkins explained.

"It's a lot better to work with the system for a while," she pointed out.

"We didn't want to put it off," she added in saying that it was a good time to do it before the busy summer season started.

The course was about one-third theory and two-thirds hands-on work.

Great Heritage Canoe Pageant hits Drayton Valley

Drayton Valley had the honor of being the first official stop of The Great Heritage Canoe Pageant.

Last week, 40 canoeists left Rocky Mountain House to follow the North Saskatchewan River all the way to Winnipeg.

The brigade is emulating the lives of the fur-traders of 100 years ago. They are mostly students from the St. John's Schools in Selkirk, Manitoba and Stony Plain, Alberta. As well, staff from the schools and alumni are along.

After the brigade arrived in Drayton Valley, (they camped overnight at Willey West campground) the Chamber of Commerce hosted a supper at which the canoeists put on a show depicting the history of the fur trade in Canada.

Dressed in authentic shirts which they made themselves, the brigade considers a full day of paddling to be nine hours long, said Hilary Noblett, spokesman for the brigade.

At the end of the first day, at their stop here in Drayton Valley, some of the students were massaging sore shoulder muscles while others commented how it was a slack day, only eight and a half hours.

The students, from Grades 9 to 12, and the youngest being 13 years old, have all done at least one canoe trip before, according to Simon Jeynes, assistant headmaster of the Alberta St. John's school.

The 40 canoeists are taking six canoes. Four of these are 24 feet long and the other two are 26 feet long. Five out of the six are new and were named in Rocky Mountain House after famous explorers, commented Noblett.

Along the route, the brigade meets up every night with the support crew of four people who go to each stop and make the contacts with local officials, commented Noblett.

About the time you are reading this, the canoeists should be at the Alberta-Saskatchewan boarder.

Opinions

Town should crack down on messy yards

The Town of Drayton Valley needs to crack down on owners who don't keep their property looking trim and proper.

Through the effort of their bylaw enforcement officer, some progress has been made in this area, but it's not enough.

While most residential owners take pride in their yards, it seems there's others who don't know what a lawnmower is, and don't likely care. This isn't fair to those who maintain their yards and pay taxes.

There's also a number of vacant homes in town where the weeds are growing out of control.

Realizing the problem, the town has assigned their bylaw enforcement officer to investigate. Letters have been sent to the owners and if no action is taken the town moves in, cleans up the yard and adds it to their taxes.

That's all well and good for the commercial lots, but we question how effective it is with residential owners.

Maybe the property owners' names, along with a picture of the property, should be published in the paper.

The problem doesn't stop with commercial and residential lots.

The town is blessed with many excellent green areas. The recreation department and the schools cut their grass on a regular basis. But it's those other large green areas that are not being cut that's causing an eyesore.

The time is NOW for the town to address this increasing problem.

Editor's views after six months on job

Isn't it amazing how time flys when you're having fun? It doesn't seem like six months since I took over the editor's reins at The Western Review.

Circulation is up, and for that we thank our readers. Many have said they like the changes we've made. A very sincere thanks to all the advertisers who make the paper possible every week.

Thanks to our faithful correspondents who send in their news. And a special thanks to Marvin Long for all his photographs.

The Western Review pages have carried some interesting features ranging from the saws at the Drayton Valley Farmer's Market to the Jamie Platz situation.

Some outstanding individual performances such as marathon runner Rick Watrich, horse trainer Kathy Harke, Bridget Pohling, the one-armed ball player and highland dancer Shannon Bredin have got the ink they deserve.

We've also touched on some 'issues' in town such as downtown parking, liquor at the Park Valley swimming pool, the lack of adequate washrooms at the Centennial Civic arena, the two-price pool system, the Dennis Woolsey firing, user fees, the Shell bulk fuel plant, to the lack of space at the fire hall.

Editor's Notes

There are people who don't like what they are seeing in print. But the people, namely the taxpayers, have a right to know what's going on.

It's always been my opinion that just because council passes a motion, doesn't make it right. The paper or the taxpayers have a right to challenge that decision if they wish. And we will continue to do so.

On the other hand, councils do a lot of positive things and they are reported. The water and sewer installation is a prime example.

BIGGEST DISAPPOINTMENT would have to be the decision not to host the 1986 Alberta Senior Games. The benefits of such games were really never examined.

MY PET PEEVE is the lack of washrooms and shower facilities in the Centennial Civic Arena. We plan to keep after council to get this resolved before the hockey season starts.

THANKS to everyone, especially the staff at The Western Review, who have made our first six months pass so quickly.

1200 see Royal Lipizzan Stallion Show

A crowd of 1200 people watched the Royal Lipizzan Stallion Show performed at the Lion's Park in Drayton Valley last week.

Brought in by the Drayton Valley Minor Baseball Association, the stallions danced, pranced and leaped to thrill the crowd.

The association earned $3,500 which was 40 per cent of the proceeds from the show, according to Mickey McDowell, president of the association.

The money will go to help build the new base ball diamond for the association, located at Westpark, McDowell commented.

He mentioned he did not have any expectations on how many people would show up,"I was just hoping there would be lots."

Equestrian Enterpises of Miami Florida, brought in 12 of the Andalusian stallions.

The crowd was treated to several examples of how the horses are trained, called Dressage. At first, the riders control the horses from the ground and only after four years of intense training would the horses be mounted.

At one point of the show, the performers brought out a colt which was still grey, the Andalusians start out life black and become whiter with age.

As the colt was brought into sight, the entire crowd emitted a large "ooh" of admiration.

The leap which made the Andalusian horses famous.

'Friendly' bacteria can help legume crop

Using "friendly" bacteria to fix nitrogen was the topic at the 55th annual Breton Plots field day last week.

Approxinatly 50 people showed up for the field day held near Breton. This year, the speeches were moved to the morning so the participants would not get too hot in the metal building.

Perry Olsen, of Agriculture Canada in Beaverlodge, said the yield of a legume crop is "directly proportional to the number of bacteria on a plant."

The bacteria binds to the root hairs on a plant which then forms a nodule creating a symbiotic relationship. Both bacteria and plant grow as nitrogen is fixed, or made usable, by the nodule.

By plowing the legumes into the ground or feeding it to livestock and using the manure to fertilize the field, nitrogen is made usable to other crops planted later.

"It is a process of legumes with bacteria taking nitrogen from the air and feeding it to plants," Olsen explained.

However, the correct strain of the Rhizobium bacteria had to be used for each type of crop, he warned.

Olsen added the best results used 10 times the recommended amount of bacteria with a "sticker" to make the bacteria cling to the seeds.

The second speaker at the event, Robert Winchell of Alberta Agriculture in Barrhead, presented the economics of using legumes to decrease the need for nitrogen in fertilizer.

According to a computer program he did a continuous barley crop, adding 75 pounds of nitrogen in fertilizer per acre each year, would get a net return of $77.29 per acre each year.

In comparison, a rotation crop of barley, hay and manure (from hay-fed livestock), would net $87.27 per year from each acre over five years.

A barley and hay rotational crop would have a net income of $86.85 per acre each year.

A barley and legume rotational crop would have a net income of $86.93 per acre each year.

These figures are based on barley prices being $2.50 per bushel, hay going for $50 per ton and nitrogen selling for 30 cents a pound.

Jim Robertson of the University of Alberta, which runs the plots, spoke on what the experiments at the plots found in relation to using legumes to increase crop yeilds.

According to him, the plots using fertilizer and forage were doing far better than a plain grain and fallow crop.

Robertson said the figures coming out of the Breton Plots were very close to those achieved by Winchell and his computer program.

Following the speeches, the group went on a tour of the plots and then spoke to local specialists on specfic problems they were having.

Long-term study at Breton Plots

Since their beginning in 1929, the Breton Plots have been doing long-term research for the University of Alberta.

Jim Robertson, a professor of soils at the university, said there is little state-of-the-art type research at the plots. Instead, he commented, long -term research, much of which lasts into decades, is the main job at the plots.

They only have five or six short-term — less then a decade long — projects going at this time, he explained.

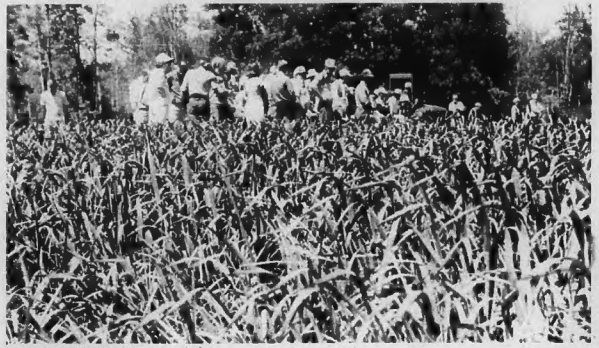
The plots are planted on Grey Luvisol, or grey wooded, soil which is typical of the area, he mentioned.

"You cannot do all kinds of research here," Robertson stated.

The plots are "very labor intensive," commented Robertson saying labor is the most expensive part of the plots.

According to Robertson, the plots get "less than $10,000 per year" from the university, although a lot of funding does come from other sources.

He added, "It's hard to get funding for somebody's pet project unless you make a lot of noise."



Visitors at field day take tour of plots.

Come on Canada, meet you at the Bay.

Not enough emphasis

Paper gets commended for slopes story

Dear Editor,

I would like to commend you on your reporting of the public meetings regarding the Eastern Slopes Policy.

I would, however, like to point out that not enough emphasis was placed on the reason for objections to the plan.

Firstly - the latest plan is nothing remotely like the 1977 draft — with which most of us could have lived. We agree that a plan is necessary but the latest effort is geared solely to the 'almighty buck' and definitely not the four-legged variety.

We cannot get a firm answer from the government as to what will happen, where — except for the fact that they want to sell Crown land — which in reality is OURS and of which the government (elected by us and paid by us) is supposed to have wardship in our name!

The land they propose to sell is a critical watershed area (admitted by them) and could affect the quality of the downstream water supply (including Edmonton) if disturbed.

Those who have lived in this area all their lives — whose only university degree is common sense and having lived long enough to use it — have told the government that the area is not viable farm land. No economic study has yet been done — and this is the third draft in more than eight years and heaven knows how many thousands of dollars.

Secondly - Why sell land west of Rose Creek when there are more than 300 quarters of Crown land between Rose Creek and Battle River? Now that the federal government has allowed $500,000 tax free on capital gains, what about land that will come on the market because retired farmers can now sell without having to pay half their lifetime earnings in tax? That land will be serviced and developed and be far cheaper to buy than undeveloped Crown land. There is plenty of land available without upsetting watersheds and destroying wildlife habitat. Maybe, as is the local opinion, selling Crown land is a diversion for some other project? Also, the federal government is pushing the fact that they are all out for job creation — meanwhile the provincial government is taking away the livelihood of local trappers by selling the land on which they have registered traplines!

Thirdly - I made the point about there being only a certain amount of land left. I would like to qualify that and point out that in Europe there used to be millions of acres of land, but in England now you can only fish in many of the rivers and streams if you belong to an angling club and hunting, as is known here, is unheard of. In Germany, even with its Black Forest, you cannot hunt unless you "know the right people". Germans come here by the score to hunt! I personally do not hunt, but you hunting enthusiasts had better listen, and listen good, because unless you make your views known you will eventually have nothing to hunt and nowhere to do it anyway.

If a pulp mill is built in this area and timbering done by clear cutting and aerial spraying with chemicals (I have been assured that it will not -but!!) as in Saskatchewan and Nova Scotia, you can say goodbye to clear water, clean fish and large animal populations.

Finally - What we really want to know is if where, when and by whom, will a pulp mill be built?

What about a rumor about a silver mine — or was it some other metal?!

Why did they, in this draft, eliminate 50 per cent of the critical wildlife area which was in the 1984 draft?! Those critical wildlife areas acted as buffers against timber development and now they are gone!

When a large timber company is given the right to log an area as big as the Brazeau Timber Development, where will mom and dad take the kids to cut Christmas tress and where will dad cut firewood on a forestry permit? It was only because a local farmer was refused such a permit that we really discovered what the policy was all about.

These are only some of the questions and all we have learned is that this policy "is not carved in stone" and can be changed. It is up to you, the public, to decide what you want changed and to speak out. Don't leave it to a few and then complain later when something happens which affects you then! It will be too late!

The government says they are "listening" (or are you one of the many whom I have spoken to who did not realize what that adverb was about?)

It remains to be seen whether or not they HEAR!

Yours truly,
Joan Elmont

Red Cross touches millions of people daily

Dear Editor,

The Red Cross touches the lives of millions of people every day — people like your readers, their families and their friends. In fact, for more than 100 years people everywhere, regardless of race or religion, have come to depend on the world-wide Red Cross movement for humanitarian services.

In your community, the population benefits from the Red Cross Blood Program, Water Safety taught at nearby pools, Health and Community Services for Seniors and Youth Services' programs in the local school. But all these services cost. A single unit of blood is priceless but Red Cross must find $1 for every unit of blood required in Alberta. It's money that must come from the community, from all of us. For instance, a single cancer patient will need 50 units of blood to survive chemotherapy.

The people of Alder Flats, Breton, Buck Lake, Tomahawk, Drayton Valley and area contributed more than $8,894. These funds will help ensure the existence of vital programs and services in the community. Red Cross is extremely pleased with these campaign results as they demonstrate understanding of the importance of the work the Red Cross accomplishes.

Our heartfelt thanks goes out to the campaign coordinators; Mrs. A. Watson, Mrs. A. Mockerman, Mrs. P. Schenk, Mrs. F. Gilbert, Mrs. F. Swenseid and all who assisted in making 1985 a successful fundraising campaign.

Remember, Red Cross cares. Your gift today means a better tomorrow.

Sincerely,
Evelyn Lavery

Turbo pampers customers

If you like to be pampered, the new Turbo station in Drayton Valley is the place to visit.

Their friendly staff are 'johnny on the spot' when it comes to filling your tank, cleaning the windshield and checking the oil.

It's all part of their full service guarantee.

If they don't pump your fuel, clean your windshield and offer to check your oil — your fuel purchase is free.

The new Turbo station, located on the Dodson Mall lot, is being operated jointly by Greg Cowell and Carol Richardson.

The six-pump gas bar is open seven days a week from 7 a.m. to 11 p.m., Monday through Saturday and 8 a.m. to 10 p.m. on Sundays.

"Business has been good. It's picking up every day," Cowell stated.

Out-of-town traffic has been extremely good.

"We originally brought in six maps. They were gone in a week. Now we have more than 100 maps," Cowell explained.

Besides the friendly, efficient service at the pumps, Turbo offers a complete line of accessories such as filters, oil, antifreeze, windshield washer and fuses. They also have a confectionery line and the coffee pot is always on.

Turbo is planning their grand opening for Saturday, July 27 and everyone's invited.

Hospital takes STEP's to hire three students

The Breton Hospital has managed to take three STEPs despite having had to appeal for two of them.

Three students were hired for the summer at the Breton Hospital through the government program, according to Janet Young, acting administrator for the facility.

Originally, only one position were approved by the government. But a successful appeal allowed for two others as well.

"I guess persistance paid off," said Young.

The two positions which had been turned down were said to be too close to the PEP or Priority Employment Program which is for employing adults out of the work force for a long time, commented Young.

One of the students will be working in medical records, another as a nursing station receptionist and the third will work as a ward aid.

Bodnar sentenced

Tax irregularity leads to 15 months in jail

A tax irregularity lead to conviction of a Drayton Valley resident for the theft of $18,650 from her employer.

Gloria Jean Bodnar, 41, was sentenced to 15 months in jail last week after pleading guilty to the charge of theft over $200 during her employment at J and A Trucking in Drayton Valley.

Judge Alex Shamchuk said she used what he called "an elaborate scheme" to steal the money and was not discovered until an income tax matter was raised by Revenue Canada.

When approached in July, 1984, by the RCMP, Bodnar made a full confession, according to her lawyer, B.A. Vail.

Although he admired her husband, who borrowed money from the bank to pay restitution, Shamchuk would not count the restitution highly in the case. He added there have been two or three such cases in the last few years in Drayton Valley and his previous sentences did not seem to be doing much good.

"The courts have simply got to stop employees from robbing employers blind," Shamchuk commented.

He said much of the reason for the sentence was due to Bodnar's position in the company.

"There could be no stronger position of trust than with Mrs. Bodnar," as she had complete access to the books and company checks Shamchuk explained, adding she had been doing the thefts for about eight years.

Vail said at the time, Bodnar felt she had some form of consent from her employer to take the money due to "sexual contact". He explained this was not an excuse for the behavior, but "just the 'why' of the case."

Shamchuk discounted the sexual aspect of the case saying "as much as is taken, is given" in such a relationship.

Neptunes are perfect hosts for pool's first meet

By Frank Ryan

Ray Oscar was worried.

But as it turned out, the president of the Drayton Valley Neptune Swim Club had little reason to be concerned.

Oscar and the Neptunes proved to be perfect hosts for the first major swim meet held at the Park Valley pool.

Fort Saskatchewan took top spot at the one-day meet, chalking up 450 points. They were followed by Spruce Grove with 283, Devon 182, and the host Neptunes placed fourth with 167 points. Hinton was fifth with 133, Westlock 121, Edson 96, Whitecourt 46 and Jasper 26.

"I didn't know about the room," Oscar explains his pre-meet worries.

"But it worked out. We got all the swimmers and spectators in," Oscar added.

One new record was set, the first for the Park Valley pool, by Hinton's Jeff Welechuk in the boys' 13 and 14-year-old 100-metre freestyle. Welechuk's new time of 59.4 seconds erased the old record of 59.7 set in 1980 by Bruce Hill of Olds.

The Neptunes' fourth-place performance included a number of outstanding efforts.

Lance Graham had little competition in the boys' 17-and-over to take first in the 50-metre butterfly and first in the 100-metre back stroke.

Steven Oscar had a first in the boys' 13 and 14-year-old 200 individual medley, a second in the 100-metre freestyle and a fourth in the 50-metre butterfly.

Yvette Oscar recorded a first in the girls' 17-and-over 100-metre breast stroke, a second in the 50-metre butterfly and a fourth in the 100-metre freestyle.

The Neptune girls' 17-and-over relay team captured first place in the 200-metre freestyle.

Jackie Urchyshyn chalked up three seconds in the girls' 11 and 12-year-old 50-metre backstroke, 50-metre breast stroke and 50-metre freestyle.

Dawn Urchyshyn had three thirds in girls' 13 and 14-year-old 100-metre freestyle, 100-metre back stroke and 100-metre breast stroke.

Ryan Anker had a good day in the boys' nine and 10-year-old class with a third in the 100-metre freestyle and fourth place finishes in the 100-metre individual medley and the 50-metre breast stroke.

This weekend the Neptunes are on the road to Spruce Grove for a Saturday meet and then on Sunday several of the 13 to 16-year-old swimmers will participate in the Summer Game trials at St. Albert.

Rosalind A's win Easyford tournament

By Frank Ryan

The Rosalind A's went undefeated last weekend in collecting top money at the eight-team, two-day Easyford men's baseball tournament.

The A's edged the Breton Royals 9-8 Sunday night to win the 'A' side of the tourney and collect $300.

Peers outlasted Warburg to win the consolation side and $150.

Rosalind opened the tournament Saturday with a 7-5 win over Warburg and knocked off the Drayton Valley Oilers 13-3 Sunday morning in semi-final action. The Royals got by Peers 8-5 in their opener and upset Easyford 6-4 in semi-final action.

Nine errors hurt Drayton Valley's chance in semi-final action as they led 4-2 after the fourth. But Rosalind jumped on several fielding errors for a seven-run fifth inning to put the game away.

The A's collected 14 hits off Gerald Dusterhoft, Alden Baird and Tim Zelter, while the Oilers managed only six hits. Ken Baird and Chad Allen led the Oilers at the plate with two hits each. Baird's two hits included a home run and double.

A big inning — a six-run sixth inning, carried Breton past Easyford as they trailed 4-0 at the time of the outburst. Catcher Cliff Ellis carried the big bat for the Oilers going three-for-four.

Ellis also had a productive outing in the Royals' 8-5 win over Peers as he went four-for-four, including a triple, home run and two singles. Both Wayne Young and Greg McMann had three hits each.

Chad Allen hurled a four-hitter as the Oilers whipped Thorsby 11-1 in their opening game Saturday. Mike Koebernick led the Oilers at the plate with two hits.

It was a frustrating tournament for Drayton Valley's D & S Drillers. They booted the ball five times in an 11-1 tournament opener to Easyford and then were eliminated as they were shutout 12-0 by Peers. In that contest the Drillers were charged with eight errors.

The Driller bats were almost silenced in the tourney as Gord Kelly's double was the lone hit against Peers and Roy Hutchinson held them to just two hits in the Easyford match.

The Oilers' success at Easyford comes on the heels of a third-place finish at Prince George. They will attempt to improve on that weekend when they participate in a tournament at Peers.

Slowpitch tournament coming to town

Drayton Valley will be the site for a slowpitch tournament in August.

The local 50/50 team will be hosting a 24-team slowpitch tournament on August 2, 3, and 4, the same weekend as the bantam baseball provincials.

The top team will get $500 and each team is guaranteed at least three games.

Organizer Tom Turner expects he will have no trouble filling the 24-team list.

Currently he has 10 teams registered including a team from Hays, southeast of Brooks.

A total of 45 games will be played over the weekend and if the tournament is successful they will host another one next year.

Turner says the aim of the tournament is mostly fun and they hope to "get a lot of husband and wife teams."

Champions

Penney's cut down Trees in league final

The winners of the Evergreen Fastball league. From left to right back row is Tony Knight, Real Gascon, Chris Sands, Gord McDerrmott, Don Hayduk, Ron Barker and Jack Zingle. Front row from left to right is Vern Hoshizaki, Carl Hogan, Gary Hanson, Rick Zorn and Dave Sluchinski.

Penney's are the champions of the Evergreen Fastball league after the weekend finals.

They defeated the regular season leaders, the Den-Co Trees in the final game 4-3.

In the final game Gerald Dusterhoft hit a home run for the Trees off Penney's pitcher Don Hayduk. The losing pitcher for the Trees was Victor LaCaille.

To advance to the final Penney's dumped the Knights 8-6 and then beat the Trees 8-7.

The Trees had beaten Breton 11-1 before losing in the second round to Penney's.

The Trees then played the Knights to see who would meet Penney's in the final.

The Trees doubled the Knights 6-3 in that game.

In other action in the B event the Sardine Lakers edged the Wildcats 13-12 and then doubled them 6-3 to win that side of the tournament.

Ceasars in fifth after half

With the first half of the soccer season over the Drayton Valley Ceasars are sitting in fifth place.

Spruce Grove leads the Central Alberta Rural Towns Soccer League with six wins and one tie. The Ceasars have three wins and one loss.

The Ceasars bettered their record last week with a 3-1 win in Hinton.

They fell behind in the first-half when Hinton scored their only goal off a cornerkick, according to goalie Simon Kelly.

Kelly said the team had problems "finishing" and had several chances to tie it including two breakaways by Rod Bealer.

Two of the Drayton Valley goals came off assists by their youngest player, 14-year-old Steven Roberts.

Roberts came off the bench to set up the two goals.

"If we play him now when he is 14 what is he going to be like when he is 18," Kelly pointed out adding that he is "good enough to play with us."

But Kelly was not pleased with the overall play of the team.

He said the big problem now is for the team to play both halves.

"We really needed this game as the standings show," Kelly added.

The second half of the league's season gets underway August 18. Spruce Grove leads with 13 points, Whitecourt and Edson are tied at nine, with Mayerthorpe at seven and Drayton Valley at six. Hinton has four points, Parkland two and the Strikers round out the league with no wins in seven starts.

Angels take the B side in Sundre

The Drayton Valley Angels, a beaver team, won the B side of a tournament in Sundre last weekend.

The team lost their first game to the host Sundre squad 13-10.

In that game Steven Street had three singles and Daylen Pfannmuller had a single and a triple for Drayton Valley.

In the next game the Angels turned it around clobbering a Drumheller team 17-0. Street hit four singles to help the winning team.

In the third game of the tournament the Angels lost 7-6 to Spruce Grove despite four singles by Jason Kipling.

Their fourth and final game was against Three Hills and they doubled them 4-2 to win the B side of the tournament.

The team travels to Spruce Grove this weekend to play in the sub-zone provincial playoffs.

Jim Jarrell putts for win. — Photos by Frank Ryan Jeff Smith celebrates on eighth.

Tee Pee results

Lyne Argent of Drayton Valley placed sixth in ladies' barrels at the Tee Pee Creek Stampede held last weekend.

Argent rounded the barrels in 17.3 while Pat Gulic won the event in 16.8 seconds.

Shane Scherger, also of Drayton Valley, placed fourth in bull riding with a 67 score. Wade Joel won the event with a 76 ride.

Dick Powell of Seba Beach was second in steer wrestling with a 7.3. Two seconds faster was winner Dennis Fowler.

Rob Cunningham of Grande Prairie won the calf roping in 12.04; Sunny DeRose took the bronc riding; Vic and Eugene Auclair won the team roping; Brian Gardiner captured the bareback; Arlene Kramps won the ladies' breakaway and Kathy Corr took the ladies' undecorating.

Happy 60th

Not too bad for an old fellow!

Jarrell drops birdie to win golf title

By Frank Ryan

Jim Jarrell was pleased with his game.

A 'birdie' on the last hole earned the engineer with Texaco the championship flight title at the Drayton Valley men's open golf tournament.

While Jarrell had good reason to be happy, Jeff Smith, a member of the RCMP in Drayton Valley had every reason to be pleased with his runner-up berth in the flight.

Smith made things interesting when he won the sixth hole to close within one and then tied the match on the eighth when his drive landed 10 feet from the hole and he one-putted.

It was Jarrell's turn on the ninth with his second shot within eight feet of the flag. Not showing any signs of pressure, Farrell sank the putt to win the match.

In qualifying for the nine-hole final in the championship flight, Jarrell upset Hank Shimbashi, while Smith defeated Gary Hawkey.

Bob Milligan of Jasper defeated Les Harris of Westlock in the consolation final of the championship flight.

The flight winners included Dave Boulter in the first, Blair Shimbashi in the second, John Sniatynski in the third, Harvey Wolf took the fourth, Kevin Hay captured the fifth, Terry Sharkey the sixth, Dwayne Cikaluk won the seventh, Wayne Thompson the eighth, Hal Meek the ninth, Al Munro won the 10th, Dennis Kirkwood the 11th and Cal Vickry captured the 12th flight.

The 104 golfers were treated to perfect weather for the two-day tournament.

Splashers

It was a nice day for the Splash Bash at the pool recently as 199 kids took advantage of the cool water. Splash Bash was just one of the many activities held at the Park Valley swimming pool on the Canada Day weekend.

Provincial ball preview coming

A preview of the bantam A baseball provincials to be held in Drayton Valley is coming this weekend.

The local team, the Andex Oilers, will be hosting the sub-zone finals.

Teams from Sturgeon, Pembina Valley, Spruce Grove and Drayton Valley will compete in the two-day event.

The winner will earn the right to host the Zone 5 finals on July 20 and 21.

The provincials for the bantam A baseball will be coming to Drayton Valley on August 2, 3, and 4.

THANK YOU FOR JOINING US UNDER THE BIG TOP

Marnella and Bohdan Urchyshyn wish to thank all of our family and friends who made our

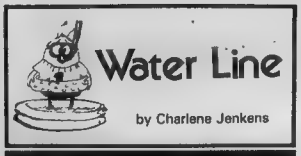
40th WEDDING ANNIVERSARY

a great success.

A special thanks is extended to the following:

D.V. Vending - ice
Lil & Nels Pedersen - washroom facilities.
Adrian Meier - use of Excaliber
Glen Bowen Holdings - light plant
Elks Hall - pop dispenser
Mrs. Smith of Bon Ton Bakery - cake
High School Reunion Committee - tables & chairs
and **Gerry Pohling** for the lovely job done on the meat.

All gifts of money will be used towards our trip to Nashville



Have you seen the staff's new look at Park Valley Pool? The lifeguards will be wearing cotton Hawaiian shirts and shorts, sporting a breezy new summer attitude.

Our Swimmer of the Week is Mrs. Margaret Hansen. Margaret is definitely our most improved and most dedicated swimmer to date. She has completed all her Red Cross levels and is now simming 40 lengths every day!! Congratulations Marg.

In an effort to keep our water clean and sparkling for all our public to enjoy, we will be asking you to shower after tanning on the sun deck. Suntan oils and lotions really do present a problem with our water chemistry.

Although session one is in full swing, there are still openings for all children Learn to Swim programs throughout the summer. For more information call 542-5749.

Canoeing - Sat., July 20 and 27; Aug. 10 and 17; 9 a.m. to 12 noon. Come and pracitise or learn for the summer. The cost is $48. JOIN IN THE SPLASH!!!!!!

Recreation swim line: 542-6679.

Flag football needs teams

The Pembina flag football league needs teams.

Currently, only two teams will definitely be returning for the fall schedule although two more may if they can get enough players. The league would like as many as five teams for the upcoming season.

Jordy Ketchum, president of the league, says they would like to have the teams registered by the "first week of August."

Each team requires a minimum of nine players, Ketchum added, but most have 12 to 18 players. No equipment is required, although each team will have to pay an entry fee to cover the costs of footballs and flags.

The league will get underway in September and should finish up in early October with a weekend set aside for playoffs.

Ketchum pointed out that the league is "quite competitive" and there is "live blocking" except on kickoffs and punts.

He added that they have had hardly any injuries in the league.

But besides lacking teams and players the league also lacks night lights.

They play all their games on the field at the high school in Drayton Valley and are hoping to install night lights on that field.

Ketchum says because of the time problem near the end of the season often it gets dark before the games are finished.

Last year's league champion Saints will be returning to play this year along with Crude, the team they edged 1-0 in the final game.

Any teams or players interested in joining the league can contact Ketchum at 542-3223 (work) or 542-2013 (home).

Reward to top angler

Anglers on Buck Lake have a new prize to cast for.

Lola Carlson at the Lakeshore Inn will reward the top anglers in perch, jack, pickerel and whitefish categories.

Anglers who might hook a 'big one' are urged to take them to the Lakeshore Inn to be weighed and measured.

Trophies will be awarded at the end of the fishing year.

Gerald Trick of Carstairs is leading in the jack category with a 13-pound hook.

Sports Council is dropped

Plans for a sports council in Drayton Valley have been dropped.

Representatives of the Elks, Legion, Lions and Kinsmen met with town and recreation board members last Thursday to look at the possibility of a sports council.

It was the intent of the council to distribute money to the various teams and clubs in town. The four clubs who attended the meeting, plus the town and local businesses were to be solicited for funds for the council.

The meeting learned of the opposition to the idea.

Recreation board member Jock Hutchinson said "our youth depends on service clubs for help. I don't know what or where we would be without it."

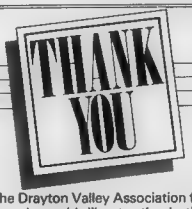
"A lot of teams and groups don't want to see a change in the current policy," Hutchinson added.

Betty McGee, representing the Royal Canadian Legion stated, "The concept is great. But I can't see it working at all."

"Because they (the groups) can't get enough money from sports council, they will still come to the Legion, Elks, Lions and Kinsmen for help," she added.

Although no actual figures were mentioned, the town did indicate they would contribute $5,000.

"We have 15 requests for $5,000 and they usually get it," McGee explained of the demands on the Legion for funds.



The Drayton Valley Association for the Developmentally Handicapped would like to thank the following for their generous contributions of their time and effort during the past year.

CRIME STOPPERS
1-800-922-TIPS

During the evening of May 14, 1985 the Gulf Service Station, "Pembina Car Centre" was broken into.

The culprits gained entry through the front door and went throughout the building, stealing from there $894.

Crime Stoppers will pay a cash reward for information leading to the arrest of any of the persons responsible for this offence. If you have information on this or any other criminal offence, call Crime Stoppers toll-free at 1-800-922-TIPS (922-8477). You do not have to reveal your identity and if your information leads to an arrest you qualify for a reward.

Summer gymnastics program starts

The summer gymnastics program will be starting up in Drayton Valley next Monday.

The first of two sessions will begin July 15 and run until July 25.

Gillian Best, who is organizing the program, is hoping they can get as many as 25 participants.

"I expect 10 to 15 realistically," she adds.

Participants will work on all apparatus and Best says they will "cater to all the people" whatever their gymnastic level.

The only age requirement is that anyone participating has to be four-years-old.

The final registration date was set for July 8 but Best says they "won't be turning away anyone" and they will register up until Monday (July 15).

The sessions will be run in the blue building behind H.W. Pickup School and will run from 9 a.m. to noon every morning. The second session runs from August 12 to August 23.

Women's Institute hold annual dinner

By Edith Deby

The Women's Institute held its annual dinner meeting June 25 with the people who assisted the branch in any way during the last 10 months as guests.

Jim Wolfe was guest speaker. He spoke of the urgent need to provide help for abused women and children. It is hoped that in two years a WIN House will be established in Drayton Valley. In the meantime, volunteers are needed to help with a crisis line. Donations are welcome and may be deducted from income tax.

Following is a list of winners in Home Ec who won the WI awards cook books: Grade 8 - Kacey Francissen; Grade 9 - Lyretie Tabish; Grade 7 -Nikki Babuik and at St. Anthony's - Sherry Curd.

Traffic controllers receiving awards from the WI are Lee Hayden and Stacy Tucker from Elementary 'B'; and Steven Clurysek from St. Anthony's.

Winnie Hammerlindle, official delegate to the provincial conference held recently in Olds, gave a detailed report. Agnes Regenwetter, Winnie Hammerlind! Florence Romano from the local branch won prizes in handicraft at Olds.

At the urging of the WI a poison control line has been established for this area. Phone 911 or Zenith 1-800-421-1222 at any time.

The WI will be responsible for the birhtday party at the Shangri-La Lodge in July. The branch is planning an outing for Aug. 15 but there will be no regular meetings during July and August.

Benesch gets engraved tray for 33 years

Wildwood News

By Hazel Winfield
325-3956

The Bob Thompsons attended a wedding in Calgary recently.

Marie Pelton of Rocky Mountain House was visiting at the Onstines.

The York family visited in B.C.

The Chip Lake Historical Society held their annual meeting recently. The history book is well on its way. Stories are still being received for a short time, also deposits on books. If you want a book, get your deposit in soon, as the society has not enough money to order extra books.

Hilda Bills was honored by relatives at a birthday party at her son George's in Westlock. The Camerons of Manning, AB also attended.

Visiting with Hilda and John Bills is a friend from Penticton, B.C.

Alice Leakvold has a cousin from Kansas City visiting her.

Ken Crosby left on a missionary project in Haiti.

The Les Kopps visited relatives in Valleyview.

The Ladies Aid held their meeting in the Senior Citizens' Centre recently. A motion was made to give a special prize to senior citizen handicraft, photography and a trophy for junior handicraft in the Wildwood Fair, Aug. 16.

The new cemetery is to be named Wildwood Memorial Gardens. An engraved tray was presented to Sara Benesch for appreciation of work at the cemetery. She had been cemetery coordinator for 33 years, 1952-1985.

A potluck supper was enjoyed by the families of members. The birthday cake was cut by birthday gal Nellie Cundid.

Next meeting will be held in September.

Stacey Engley had her arm operated on last week. Her mother Gail Engley and her grandmother Rose Headon stayed in Edmonton while Stacey was in the hospital.

Some friends of postmistress Louanne Archer and Bruni Zablewski gathered at Hazel Montys to wish them well in their moves. Archer will be postmistress in Forestburg and Zablewski and family will be moving to Violet Grove, AB.

Sympathy is extended to William Scharr and family on the death of Jean Scharr.

More news on accident

Iversen's condition is improving

Terry Glen Iversen, whose motorcycle collided with an RCMP patrol car is improving quickly said a spokesman for the RCMP.

Cpl. Tom Turner of the Drayton Valley RCMP said Iversen, a town resident, was being transferred from the University of Alberta Hospital to the Glenrose Hospital in Edmonton for therapy.

Iversen's condition is "much improved since the initial reports," commented Turner.

Iversen received multiple fractures to both legs and an arm when he collided with Const. Tim Vatamaniuk last month.

The matter is still under investigation said Turner, adding he did not know if any charges would be laid in connection to the incident.

Callioux and Finner take vows in double-ring wedding

Yvonne Callioux and Melvin Finner of Wildwood were united in marriage recently.

Father Doyle officiated at the double-ring ceremony held May 18 at the St. Elizabeth church in Evansburg.

The bride is the daughter of Doreen and Raymond Callioux.

The groom is the son of George and Evelyn Finner.

The bride chose a full-length gown of taffeta trimmed with lace and ribbon and had a bustle. It had a high neckline and sheer sleeves with lace that gathered into a wide lace cuff. She wore a hat with net and a short veil and carried a bouquet of yellow sweetheart roses and white carnations trimmed with yellow and white ribbon.

Wanda Callioux, sister of the bride, was her maid of honor along with bridesmaids Theresa Russel, a friend of the bride, and Bernadette Callioux, sister of the bride. They wore yellow taffeta gowns trimmed with white and white gloves. They carried white parasols trimmed with small yellow and blue carnations and matching bows.

Stacy McCullough, the groom's niece, was flower girl and wore a matching dress, gloves and parasol.

Trevor Jones of Ontario was ring bearer.

The groom was attended by Clifford Veland and Dwayne Berkholtz of Edson (friends of the groom). David Callioux, brother of the bride, was best man.

Ushering were Raymond, Cassy and Robin Callioux, brothers of the bride, and Alan Terris of Hinton, the groom's cousin.

Royden Callioux, brother of the bride, gave the reading at the church. The organist was Elsie Veitch of Wildwood.

The reception was held at the Wildwood Community Hall. Lynn Witson, aunt of the bride, gave the toast to the bride.

The tables were decorated with blue and yellow carnations. Supper was served by the north ladies.

The two-tiered wedding cake was decorated by an uncle, Bob Callioux, with blue and yellow petunias.

Royand Callioux was master of ceremonies.

The bride's mother chose a pink dress trimmed with white and white accessories. A pink rose corsage completed the outfit.

A dusty rose dress with long sleeves and white accessories was chosen by the groom's mother.

They opened their gifts the following day at the Finner farm. They received a voucher for a trip to Hawaii (to be used later) from mother, father, sisters, brothers and wedding party.

The bridal couple will be making their home in Edson.

Out-of-town guests were from Ontario, Salmon Arm, B.C., Prince George, B.C., Red Deer, Calgary, Sylvan Lake, Edmonton and Hinton.

Yvonne Callioux and Melvin Finner.

Shawna Simla.

Former resident takes top award

Shawna Simla, a former Drayton Valley resident has won the coveted Governor General's medal as the top academic student at George Elliot Secondary School in Winfield, B.C.

The 18-year-old graduate, who is the granddaughter of Ian and Pauline Forbes of Drayton Valley, attended Eldorado and Elementary B when she lived in town.

During the recent graduation ceremonies at George Elliot, Simla was also named student of the year, an honor awarded to the top student in academics, extra curricular activities, service, citizenship and congeniality.

Besides, the former Drayton Valley resident has won a number of bursaries including the Calendar Bursary, Canadian Imperial Bank of Commerce Bursary and the Central Okanagan Teachers Association Bursary.

School officials also announced that Simla became one of only eight winners across Canada of Hiram Walker and Sons scholarships.

Simla recently applied to become a House of Commons page so she may be attending Carlton University in Ottawa, the capital city of Canada, in the fall.

Or she may enter the University of Victoria. In either case, she plans to major in education, biology and physical education so she can become a guidance counsellor.

She was also presented the Taylor senior achievement award for top marks in math and science. She also received the school's yearbook award.

Buck Lake paving contract awarded

A $1,806,810 paving contract for the Buck Lake area is being awarded to Conmac Western Services Ltd. of Calgary, Transportation Minister Marvin Moore announced recently.

The contract involves base pavement construction on Highway 22 from the junction of Highway 53 for 27 kilometres to the junction of Highway 13. This major improvement project is part of the ongoing program to upgrade and surface Highway 22 from Lundbreck to Mayerthorpe. The work is scheduled for completion during the 1985 construction season.

Summer programs return for kids

The County of Parkland is once again offering summer programs for children.

Cattail Capers is a program designed to appeal to youngsters aged six to 12 years. Younger children may participate if accompanied by an adult. They will enjoy many activities such as arts and crafts, sports, drama, music and storytelling.

Two trained leaders, Lorraine Lauglin and Peggy MacLellan will also be planning theme days and special events such as mini olympics.

The program runs from 10 a.m. to 4 p.m. and partiepants must bring their own lunch. Fees are $12 per child per week or $30 per family per week if you pre-register. Registration on site will be $15 per child per week or $35 per family per week.

Cattail Capers' sites and dates:

July 15-18 — Moonlake Hall
July 22 -25 — Magnolia Hall
July 30 - Aug. 1 — Tomahawk School
Aug. 6 - 8 — Fallis Hall
Aug. 12 - 15 — Violet Grove Hall

Lindale school holds graduation

Mae Tryon
542-5792

The Grade 9 graduation held at the Lindale School June 25 was very nice.

A delicious meal was prepared by the Grade 8 parents and served by the Grade 8 students.

They then had their speeches and received their diplomas from Mr. Musson. This was Mr. Musson's last grad at Lindale. Everyone wishes him well in his new job as principal at Breton High School.

The community wishes to welcome Gloria Bryant and girls to Berrymoor. They have their trailer on Harry and Muriel Campbell's place.

Jody and Joanne Martin have moved their trailer onto their farm just north of Max Schwartz' place.

Alex and Charlotte Petryshen of Salmon Arm, B.C. were recent visitors to Berrymoor. While here they visited with relatives and friends.

After 75 years of service, the Berrymoor Post Office will officially close July 31. The present postmaster, Donald Martin, has retired after 22 years.

On June 28 Donald Martin drove his school bus for the last time. After 18 years of driving, he has called it quits. We all wish him and his wife, Isobel good travelling during their retirement.

Bus-to-swim for Berrymoor is from July 22 to Aug. 2. The contact person is Isobel Martin at 542-2343.

Travelling daycamp will be held from Aug. 19-23. Contact person is Isobel Martin at 542-2343.

French program set to go

The Elementary B school in Drayton Valley is all set to begin its French immersion program in the fall.

Elson Keown, principal of the school, said they are still wondering if they could include the Grade 5 students in the program which is so far slated for Grade 4.

The program will be "99 per cent listening and talking" in French, Keown stated.

Keown remarked on how a public forum netted about eight parents who wanted to find out more on the program, yet a questionaire sent with the students had a "50 to 60 per cent return."

Of those questionaires which returned, Keown said 85 to 90 per cent favored starting the program.

For now, though, the program is strictly "pilot project" to see how well it works, commented Keown.

He added the program is not that easy to bring in.

"The question is how do you cram more into an already crowded school day" for the kids, he explained.

Siding up the situation

Terry Drader helps measure out siding to go on his new building. Soon, Drader will be selling wood out of this location in Poplar Ridge. The store will also carry specialty woods for custom work.

Spring values are popping up all over in the Classifieds.

Add up what a 12-month John Deere finance charge waiver means to you

Are most advertised "low-rate" finance offers the big deals they're made out to be? Not compared to John Deere's 12-month finance charge waiver for new 100-to 300-PTO horsepower tractors (Models 4050 through 8850). As the chart shows, the John Deere 12-month waiver is more attractive than most of the low-rate offers you've read about. And, as you can see, paying off the John Deere contract early could result in substantial savings. You get the full value of the special finance offer plus flexibility

Gymkhana held at Wildwood park

By Hazel Winfield
325-3956

The Pembina River Riders hosted the Alberta Professionals Gymkhana Association ciruit rides at the Wildwood grounds.

Riders were from McLennan, Winterburn, Rimbey, Hinton, Wildwood, Barrhead, Whitecourt, Mayerthorpe, Seba Beach and Camp Creek. A good turnout attended the dance that Saturday. The jackpot was rained out on Sunday. It will be played off later.

Piano students of Connie Brown, their parents and friends gathered in the Wildwood school music room recently for a musical recital. The students, all beginners, performed very well. Those taking part were Susi Hemme, Dean and Darren Ohnysty, Curtis and David Schindel, Patrick Havig, Evaline Pudlo, Amanda Mairz, Kim Madden and Lisa Reid. Master of ceremonies was Kurtis Madden.

Ellaine Reid spent a few days in Edmonton to get acquainted with her new granddaughter. Proud parents are Mr. and Mrs. Donald Reid.

Lena Callioux enjoyed a few weeks visiting relatives in Grande Prairie, Peace River, Sherwood Park and Edmonton.

Awards night was held recently at the Wildwood school.

Local girl pursues modelling

By Lorne Christensen

Modelling is a profession that not many people pursue but for a local girl it has become a dream that is turning into reality.

Nadine Durham, who lives near Violet Grove, has been working for the John Casablanca modelling agency out of Edmonton for six months.

She has only done one assignment with the agency because of lack of time during school. But now that the 17-year-old has graduated from Frank Maddock High School she is hoping to pursue this career farther.

"Look of the 80's"

She participated in the recent "Look of the 80's" contest sponsored by John Casablancas in Edmonton. Although she didn't win Nadine is optomistic about the show that had 50 girls competing.

"I met a lot of girls just as nervous as I was," she pointed out.

But the show at the West Edmonton Mall gave her good experience and also some fans.

Recently at a mall in Drayton Valley a little girl recognized Nadine from the show in Edmonton.

"It caught me off guard," Durham explained.

Her aspirations in modelling all started with a personal development course she took at the local school.

She took the course in Grade 10 and then went into the city to Cover Girl but decided to wait until Grade 12 to pursue the idea.

The wait was because Durham wanted school to come first. This is one of the reasons why she signed with John Casablancas.

A photo from Nadine Durham's portfolio.

Another portfolio shot of the local model.

"The thing I was most worried about was school but they (John Casablancas) won't ever call me while in school."

She also took an "advanced modelling course" as part of her training.

The 12-week course taught her everything from ramp work to working with a photographer and makeup.

But Durham has not yet completely committed herself to modelling as a career.

She calls it a "part-time job" with "not a big market for it."

She plans to work for a year and then possibly take a travel counselling course at Grant MacEwan College in Edmonton.

"I haven't really decided yet, there are quite a few different things I have going, I'm not real worried," Durham said.

The native of Drayton Valley presently works as an operator for AGT.

And modelling is not the only interest for Durham. She also likes to oil paint, downhill ski and do other sports.

Durham is also quick to point out that modelling is hard.

The course she took started out with 13 and finished with eight.

Modelling is hard from another point of view, Durham added.

"You have to be nice all the time, even if you go into a store and they give you ugly clothes," she laughed.

But she also realizes that to succeed in the business may mean moving to a large city like Vancouver or Toronto where there is a large market.

But this does not deter her.

"I'd go," she adds.

Angoras look more like sheep than goats

People are disappointed the first time they see an angora goat, according to a local producer.

The angora goat is smaller, has more hair than a regular milk goat and they look more like sheep than goats, commented Alex Pacholka. As well, they cannot be milked like other goats, he explained.

He has about 180 goats in his flock seven miles west of Breton.

"Had to bring them up from Michigan. Couldn't buy them in Alberta, or even Canada," he commented.

Pacholka said he got into raising angora goats because they were something different and "the price of mohair is good."

Sheeps' wool is worth about 50 cents per pound while the mohair from his goats bring $5 per pound, he commented.

Each goat will produce six to seven pounds of hair and the kids born in the early spring can be sheared in the fall which produces premium mohair that sells for substantially more than the regular hair, Pacholka said.

"There are only four or five flocks of more than 100" in Alberta, commented Pacholka. Because of this, he and the other producers have to ship the hair to Texas to be sold.

R.W. scholarship nominations accepted

Nominations will be accepted during the summer for the R.H. Woods Scholarship.

The scholarship fund, with more than $7,400 in donations, was established in memory of the late Richie Woods, principal at Frank Maddock High School in Drayton Valley.

The first scholarship, between $700 and $1,000, will be awarded at the FMHS graduation Sept. 21.

Nominations can be sent to Frank Maddock High School, Box 1109, Drayton Valley, TOE OMO.

To be eligible for this award a student must show academic achievement, demonstrate leadership and responsibilities in student activities and be involved in community service.

Only Frank Maddock High School Grade 12 grads are eligible for the R.H. Woods Scholarship.

Funds will be for post-secondary training or schooling. There is a deferment of one year in case the student wants to work before going on in the education field. And the scholarship funds are payable upon the student's attendance at the institution of their choice.

A nomination from the community where a student may be doing community service which might be unknown to the selection committee, would be helpful.

CHUTE TALK

The Buck Lake Stampede goes this Friday and Saturday. Rodeo performances are at 6 p.m. Friday and 1 p.m. Saturday.

This is a Foothills Cowboy Association rodeo. Stock will be supplied by the Great West Rodeo Company.

Rodeo events include saddle bronc, wild cow milking, girls' barrel racing, steer wrestling, bareback, calf roping and the always dangerous bull riding.

The Stampede will also include race events with the chariots and pony chuckwagons running both nights with flat races Saturday.

A giant parade will be held Saturday at 11 a.m. Judging takes place at 10 a.m. at the rodeo grandstand.

•••

Lyn Argent, a receptionist at The Western Review, took second place in ladies' barrels at the recent Entwistle rodeo. Lyn had a time of 15.6 seconds which stood up until the second-last entry.

Husband Barry is also active on the Wild Horse Association in team roping.

Lyn and Barry Argent are like so many rodeo competitors...they are on the road every weekend.

•••

If you follow the Wild Rose circuit, shows this month include Whitecourt this weekend, Valleyview and Manning July 27-28. In August their shows are at Tomahawk 10-11, Warburg 17-18 and at Sangudo 24-25.

•••

The Wild Rose Quarter Horse Show will be held at the Westerner Exposition grounds in Red Deer July 24-28 daily from 8 a.m. to 8 p.m. It will feature english and western pleasure, barrel racing, roping and work horse events.

•••

Rodeo is a dangerous sport as a recent incident at an oldtimers rodeo in Ponoka indicates.

Cecile Currie, a Montana band resident from Ponoka, had his thumb ripped of when his hand got caught between his rope and his saddle horn in a team roping event.

Cowboys and rodeo officials hunted for 10 minutes before finding the lost thumb. In the meantime, Currie had been rushed to hospital. The two joined up later at the University of Alberta Hospital in Edmonton.

•••

The latest pro rodeo standings show Mel Coleman of Lloydminster leading the saddle bronc with $12,098. About $5,000 back in second place is John Smith of Rimbey.

Steve Dunham of Turner Valley continues to lead the bareback with earnings of $17,630 compared to $10,173 for second place Jim Dunn of Balzac.

There's a three-way battle for the bull riding title with Brian Aebly of Medicine Hat leading with $6,898 followed by Daryl Symington with $6,057 and Jim Finkbeiner of Duchess with $6,045.

Innisfail's Darry Robinson is having a big year with $14,479 in calf roping. He also won the title at Ponoka.

In ladies' barrels Drayton Valley's Iris Tuftin is fifth with earnings of $4,582.

Kelly wants meetings short and productive

Chris Kelly doesn't like long, dull meetings.

Kelly, chairing his first Drayton Valley Recreation Board meeting last week, made it plain and clear that he favors short, but productive meetings.

Instead of running around the table getting comments from the members on each subject, Kelly is urging the board to speak up when they have something to say.

He also wants to keep the meetings short. And he started out on the right foot last week with a 7:05 p.m. start and a motion to adjourn at 9:15 p.m.

"We should take a look at the agenda around 9 or 9:30 with an eye to wrapping up. After 10 p.m. we lose our productivity," he told the board last week.

There was no objection to the chairman's way of doing things.

Wildwood man fined

A Wildwood man has been fined $600 after an incident last October where two female elk were killed.

Stewart Braun was found guilty in Evansburg Provincial court June 3 by Judge McInerny because of the Oct. 23 incident.

Several other individuals in the Wildwood area were also charged with illegal possession of wildlife in connection with the same incident.

According to the Wildlife Act "a person has anything in possession when he has it in his personal possession or knowingly has it in the custody of another person."

The Breton men's fastball team went undefeated in tournament play in Warburg June 22 and 23.

The Carnwood Community Centre hosted its annual picnic and pancake breakfast June 22, but due to poor weather very few attended. MLA Shirley Cripps dropped in for breakfast and a chat. Ted and Blanche Barnett from Edmonton returned to the area to take part in the festivities.

Kathie Ward is a patient in the Breton General Hospital.

Service officers were called up to the Department of Veterans Affairs (DVA) in Edmonton for a seminar due to changes being made for the veterans. Jim and Rose Saunders attended June 19.

Alfred Jackson is home from the hospital, as is Opal Ward.

Last issue an error occured in that I had Donna Gailey as contact person for bus-to-swim for the Breton area. Donna is contact person for New Moose Hill and the dates are Aug. 6-16 at Park Valley Pool. I have no new information regarding bus-to-swim for Breton. Donna Gailey may be reached at 696-2206.

On the weekend of June 22 and 23 Anne and Bill Hinds held their 25th wedding anniversary and a family reunion at Rundle's Mission on Pigeon Lake. Guests came from Milden and Unity, Sask., Victoria, B.C., Calgary, Hussar, Penhold, Red Deer, Edmonton, Didsbury, Breton, Warburg and Alsike areas.

The Board of Directors of NOVA, AN ALBERTA CORPORATION at its June 14 meeting elected its President and Chief Executive Officer, S. Robert Blair, to the additional position of Chairman of the Board

H. J. Sanders Pearson, who served as Chairman from 1974, was elected Vice-Chairman of the Board. Mr. Pearson is also Chairman of the Management Resources and Compensation Committee of the Board He is the senior officer of the Board resident in Edmonton

Mr. Blair heads NOVA's executive offices in Calgary

NOVA is a major Canadian shareholder-owned energy company. Incorporated in 1954 by the Alberta government, the Company was originally charged with building, owning and operating facilities for export of natural gas from the province. NOVA's Alberta gas transmission system currently handles more than 75% of the Canadian gas sold in North America

Today, NOVA is one of Canada's largest corporations, with assets of $6.4 billion and activities in natural gas marketing, expanded pipelining, petroleum, petrochemicals, manufacturing, and international engineering The Company has made a $1.5-billion investment in petrochemicals at Joffre, Medicine Hat and Fort Saskatchewan NOVA is also the controlling shareholder of Husky Oil Ltd., of which Mr. Blair is chairman

Although NOVA is now working across Canada and has activites worldwide, the Company's operations remain centred in western Canada The NOVA/Husky group employs more than 4,700 people in Alberta.

Both Mr. Blair and Mr. Pearson are long-time Albertans, as are many others in NOVA's management group

Mr. Blair's grandfather homesteaded at Dewberry Valley in 1905, and his father, Sidney, the head of Canadian Bechtel for many years, attended the University of Alberta and was a pioneer in the research that led to development of the Athabasca oil sands. Mr Blair's son Jamie is in the management of Husky Oil in Calgary, and his three sons have each worked on survey crews across Alberta, the fourth generation on that work in the province One of his two daughters attends the University of Calgary

Mr Pearson's roots in western Canada go back for three generations. His mother's family had strong ties to the RCMP, and she grew up in the barracks at Fort Macleod, Athabasca Landing and Calgary. His father came to Alberta from Manitoba in 1907 to survey and carried out many of the early surveys in northern Alberta and the Northwest Territories He was a founder of Taylor, Pearson & Carson, one of the early broadcasting firms in Alberta and a major automotive parts distributor in that province. Mr. Pearson's eldest son is president of the family business in Alberta Century Sales & Service Limited

From its strong Alberta base, NOVA continues working to diversify the provincial economy, add value to the province's natural resources and develop and strengthen local suppliers.

The Company has a toll-free number, (800) 661-9264, and welcomes questions, comments and requests for information

Safety plans

Above, emergency leader Cyril Gartner (right) of Entwistle, is given emergency planning information from Alberta Public Safety Services (APSS) training school instructor, Bert Reed. Gartner took part in the Municipal Disaster Services Program Management course held in Edmonton, June 11-13. The course, one of several sponsored each year by Alberta Public Safety Services, is specifically tailored to municipal affairs and volunteers with leadership responsibilities in the event of disaster in their community.

Health Unit needs volunteers for program

The Alberta West Central Health Unit is looking for volunteers to spend two to three hours a week as volunteers in our Support Services program.

The volunteer services that we are trying to establish and develop at this time include friendly visiting, home help, handyman services and volunteer drivers.

Friendly visitors are volunteers who do community visiting. A visitor must be a good listener, have a good sense of humor, imagination and appreciation, and be able to accept the other person as he is and respect his confidence. Services a friendly visitor can give to elderly and disabled persons include friendship, reading, writing, and mailing letters, shopping, arranging for repairs and doctor appointments, conversing, etc.

A home help program provides help with light housekeeping and cleaning, shopping and some personal services to those who are unable to manage on their own.

A handyman volunteer position includes chore services and home maintenance services, and general help with upkeep and repair work on yard and house for the client.

Volunteer drivers simply take clients shopping or to the doctor, etc. as the need requires, while Meals on Wheels volunteers deliver one hot meal at noonday from Monday to Friday to those who require the service in Drayton Valley.

We are presently setting the volunteer program up in Drayton Valley and Evansburg. Volunteers, possibly yourself, who are interested and would like to help, can get a great sense of self-worth through the help you are giving to others in need. Furthermore, interested young people who need job experience may also use volunteer time as a reference on resumes.

If you are interested or know of anyone else who might be, please contact Crystal Ostertag at 542-4415 in Drayton Valley or at 727-2288 in Evansburg.

In Memorium

KEITH, Gail Marlene (nee Meston)

Passed away June 26, 1985
In loving memory of a beloved daughter, sister & wife
Gone how but forever in our memory 1,28

ROBB, Doreen

In loving memory of our dear wife, mother & grandmother, Doreen Robb, who passed away July 13, 1983

Everything in life she did with a zest,
Always on the go, doing her best
If she sat down you'd find her asleep in her chair
A laugh so hearty made you glad you were there
To know her was to love her all would agree
And love her we did, our whole family
She was the light of our lives, the love of our hearts,
Never once did we think that soon we would part

Ever remembered and sadly missed by everyone
Jim Robb & family 1,28

Fourth quarter is time to dry fruits

A Farm Wife's Almanac

by Joanne Benger

We are in fourth quarter now and in the dry, arid sign of Aries.

This is the time to weed and rototill and to work at getting rid of insects. Dry fruits and vegetables and make fruit leather.

It is also a time to reap rewards from this month's lunar project. If you are selling animals, you get good prices now. If buying, wait for first quarter.

Start a diet to lose weight.

Paint buildings and start thinning out your wood lots.

If you have spare cash, invest in property on speculation.

July 12-13 will find us in the solid earth sign of Taurus as well as fourth quarter. Reap rewards that spell security.

Things stick well now or stay put so glue down or nail down anything that flaps in the wind. Put on shingles. Set fence posts. Have your teeth filled. Patch clothes. Paint.

Permanence and security are the order of the day so buy a house now if you want to grow roots.

Put up preserves.

July 14-16 will find us in the wonderfully wordy sign of Gemini when we all communicate our very best.

Write letters and phone or visit in person to share views, lodge complaints, give complaints, or entice others into entering your scheme.

Join a new social group or throw a party. Make agreements. Form partnerships.

Dock, dehorn or castrate animals. Trim the poodle or have your own hair cut to decrease its growth. Mow the lawn. Weed. Thin out wood lots.

Whose lucky week is it?

Pisces remains our most fortunate sign with the luckiest birthdays falling between March 14 and 20 this week.

The lucky number to remember is four.

Important days this week

July 15 is St. Swithin's Day and the old poem goes:

St. Swithin's Day if it does rain
For forty days it will remain
St. Swithin if it is fair
For forty days it will rain na mair.

The first rain after St. Swithin's Day christened the apples after which they were ready to pick and eat.

Apples are the traditional fruit of the day. Cut a large apple in half horizontally and you'll get a five-sided star around the seeds. This, according to folklore, is a pentangel which represents the perfection of the year and its seasons, which are never ending and never beginning.

Apples are dipped in salt water to stand for the tears of St. Swithin and in golden whipped cream to stand for gold, which is also timeless and endless, never tarnishing and never changing.

Those who eat an apple half-dipped in salt water and half-dipped in golden (tinted with saffron) whipped cream are assured long lives, or so the superstitious claim.
